

21st Annual Oklahoma Oil & Gas Expo
October 12 at State Fair Park from 9 a.m. to 3 p.m.

(Oklahoma City)_ The Oklahoma Oil & Gas Expo will take place on October 12th at the Bennett Event Center at Oklahoma State Fair Park. Hosted by Sustaining Oklahoma’s Energy Resources (SOER), a program under the Oklahoma Energy Resources Board (OERB), the event is now in its 21st year and is the largest oil and gas expo in Oklahoma.

The new 201,000 square-foot Bennett Event Center will allow 300 indoor exhibits to be held in the same building for the first time this year. Outdoor exhibits will now be directly in front of the building.

“We are thrilled to be able to use the new, state-of-the-art Bennett Event Center this year,” said OERB Executive Director Mindy Stitt. “The opportunity to have everything in the same building is a great benefit for both our exhibitors and attendees.”

As always, the Oklahoma Oil & Gas Expo brings together companies, innovations and personnel who will shape the future of the oil and natural gas industry. More than 3,500 attendees gather at the expo each year to network, showcase their services and enjoy a complimentary Head Country BBQ lunch.

The expo is expected to sell out but there are limited booth spaces still available. For more information, or to reserve your booth space, visit OKOilExpo.com.
